

## CPC08 development - deleted qualifications

Deleted qualification	Rationale for deletion
BCF10100 Certificate I in Construction (Off-Site)	Deleted due to no take-up and amalgamation of the BCF00 Off-Site Construction Training Package into CPC08 Construction, Plumbing and Services Integrated Framework Training Package allowing for a common Certificate I qualification
BCF20100 Certificate II in Off-Site Construction	Deleted due to no take-up and amalgamation of the BCF00 Off-Site Construction Training Package into CPC08 Construction, Plumbing and Services Integrated Framework Training Package allowing for a common Certificate II Construction Pathways qualification
BCF30400 Certificate III in Off Site Construction (Pre-fabrication)	Deleted due to no take-up and amalgamation of the BCF00 Off-Site Construction Training Package into CPC08 Construction, Plumbing and Services Integrated Framework Training Package. Other Training Package qualifications, such as manufacturing, appear to offer pathways into this work that are valued by employers.
BCF30500 certificate III in Off Site Construction (Machining)	Deleted due to no take-up and amalgamation of the BCF00 Off-Site Construction Training Package into CPC08 Construction, Plumbing and Services Integrated Framework Training Package. Other Training Package qualifications, such as manufacturing, appear to offer pathways into this work that are valued by employers.
BCF30700 Certificate III in Off-Site Construction (Sign Writing/Computer Operation)	This qualification superseded by new Certificate III in Signage in CPC08 Construction, Plumbing and Services Integrated Framework Training Package combining design, manufacture and installation of signage.
BCF30800 Certificate III in Off-Site Construction (sign Manufacture)	This qualification superseded by new Certificate III in Signage in CPC08 Construction, Plumbing and Services Integrated Framework Training Package combining design, manufacture and installation of signage.
BCF30900 Certificate III in Off-Site Construction (Neon Manufacture)	This qualification superseded by new Certificate III in Signage in CPC08 Construction, Plumbing and Services Integrated Framework Training Package combining design, manufacture and installation of signage.
